SOME OF OUR CURRENT PROGRAMS:

**ISRAEL'S SETTLEMENTS
BUILDING BLOCKS?**

Israel's *Left* says that settlement **building blocks** the path to peace. Israel's *Right* sees the settlements as the basic **building blocks** of Israel and the entire Zionist endeavor. Will the compromise be **building blocks** of large Jewish settlements and evacuating smaller ones?

Israel Seminars' program allows an open, informed debate on the central issue on Israel's agenda, so crucial to US/Israel relations.

★*"Excellent exercise. It must be repeated in every Jewish community in the US."*
Ron Kaldor, Sacramento, CA
